

Colour in a space on this page every time you read a book. Once you've gotten to the end, you'll have read 100 books!! Bring your completed page to the library and get your level reward and new tracking sheet.

Penhold & District Library

Frequently Asked Questions ...

If we read the same book multiple times, does it count as only one book? You can count each and every reading of a book towards your 1000 book goal. Plus, you can count books read to your child by grandparents, older siblings, caregivers, and library staff at storytimes, as well as audio books—every reading counts!

My child won't sit still for an entire book—can I still count it? Absolutely! Our goal is to make reading an enjoyable experience, so get that reading in any way you can ... feel free to share books with your child in any way that works for both of you. Reading together in the early years is more about building literacy skills than it is about actually reading. Talk to your child about the illustrations, run your finger under the text from left to right as you read, point out letters and name them, show your child how to turn pages and hold a book right side up—there are lots of ways to build an early literacy foundation!

Colouring really isn't our thing, so can we track our reading in a different way? You could just make a checkmark or star inside each book instead of colouring, or maybe put a little sticker on each space, or check out the 1000BBK app. Whatever works for your family and makes you happy :)

I've read 100 books! My total now is _____!

My favourite book this time was _____.

If you read just one
book a day, you will
have finished
1000BBK in less
than three years!
